* TC 12/SC 1/p x

- Issue arisen in TC 12/p 1 - Significant increase in use of electric vehicles worldwide, therefore in the need for charging stations
- Concern that need for national regulation could overtake work on the revision of R 46
- Suggested that work on electric vehicle charging systems (EVCS) moves to separate Project Group to produce OIML Guide on EVCS as soon as possible, then a new Recommendation
- Project proposal put forward for approval under agenda item 9.1.2.6
- Suggested to include new project in high priority projects
